

## Concrete Hoppers

Concrete Hoppers - The self-dumping hopper accessory can automatically trigger to both unload and release as the bumper release touches the side of a dumpster. Once unloading is finished, the hopper could go back to original upright and locked position. This piece of equipment even comes along with a cable that allows operation from the seat of the forklift so as to have the option of manually unloading the hopper. There is a locking chain provided to lock the hopper to the fork truck. This particular product is constructed with reliable and consistent robotic welds for maximum strength. The forklift dumping hopper even has a blue powder coat finish in order to maintain durability.
